

Car Permission Form

Dorm students greatly appreciate being driven to malls, movies, etc. As parents you need to make an informed choice about whether to allow your son/daughter to transport dormitory students in your car(s). You should be aware of the liabilities of the owner and driver of the vehicle. Academy insurance does not cover the use of your vehicle and your private coverage is your protection in the event of an accident. Please carefully consider the responsibility involved before filling out and returning the car permission form below. Signing this form makes your son/daughter eligible to be approved for driving permission by the principals and dorm heads. It does not automatically mean they have permission.
