

A Turnitin Guide - DON'T PANIC!

This document is designed to take you step-by-step to gaining access to Turnitin and upload your papers for class.

Step 1: copy / paste or type in the following address into your web browser (internet explorer, safari, firefox): http://turnitin.com/login_page.asp

Step 2: If you have never created a turnitin account before, click on the [New Users](#) link located in the bottom right corner of the turnitin page.

- If you have used Turnitin.com before you can enter email address and password and skip to Step 5.
 - If you have forgotten your password, you can click on the [Retrieve password](#) link and follow its instructions.¹

Step 3: At the bottom of the page after you have clicked on New Users you will see several options; scroll down and click on the [student](#) link.

Step 4: Enter all the required information and click the “I agree - - create profile” button.

- Once that is complete go to the login section.

Step 5: Once logged in, click on the “Add a Class” button. [For English, your Class ID is a 7-digit number; your Class Enrollment Password is the color of your English section.]

- Class Enrollment Passwords are case sensitive.

¹ A good rule for keeping passwords and logins you forget- Send an email to your own school account then save that email somewhere you can look up if needed.
